THE GAME

7P is a fast-paced and easy card game, engaging and fun.

Collaborate with other players to build a better society.
You all win if you're able to work together cooperatively.

The game promotes the value of the **7 principles** of cooperation, presenting them in an innovative and creative way.

Project developed in collaboration with Generazioni Legacoop to spread the knowledge about the cooperative principles amongst young and not-so-young people.
